VISION & MISSION

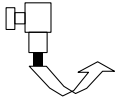

VISION

To fulfill our Client's requirements by promptly supplying the highest quality products and exceptional engineering support services

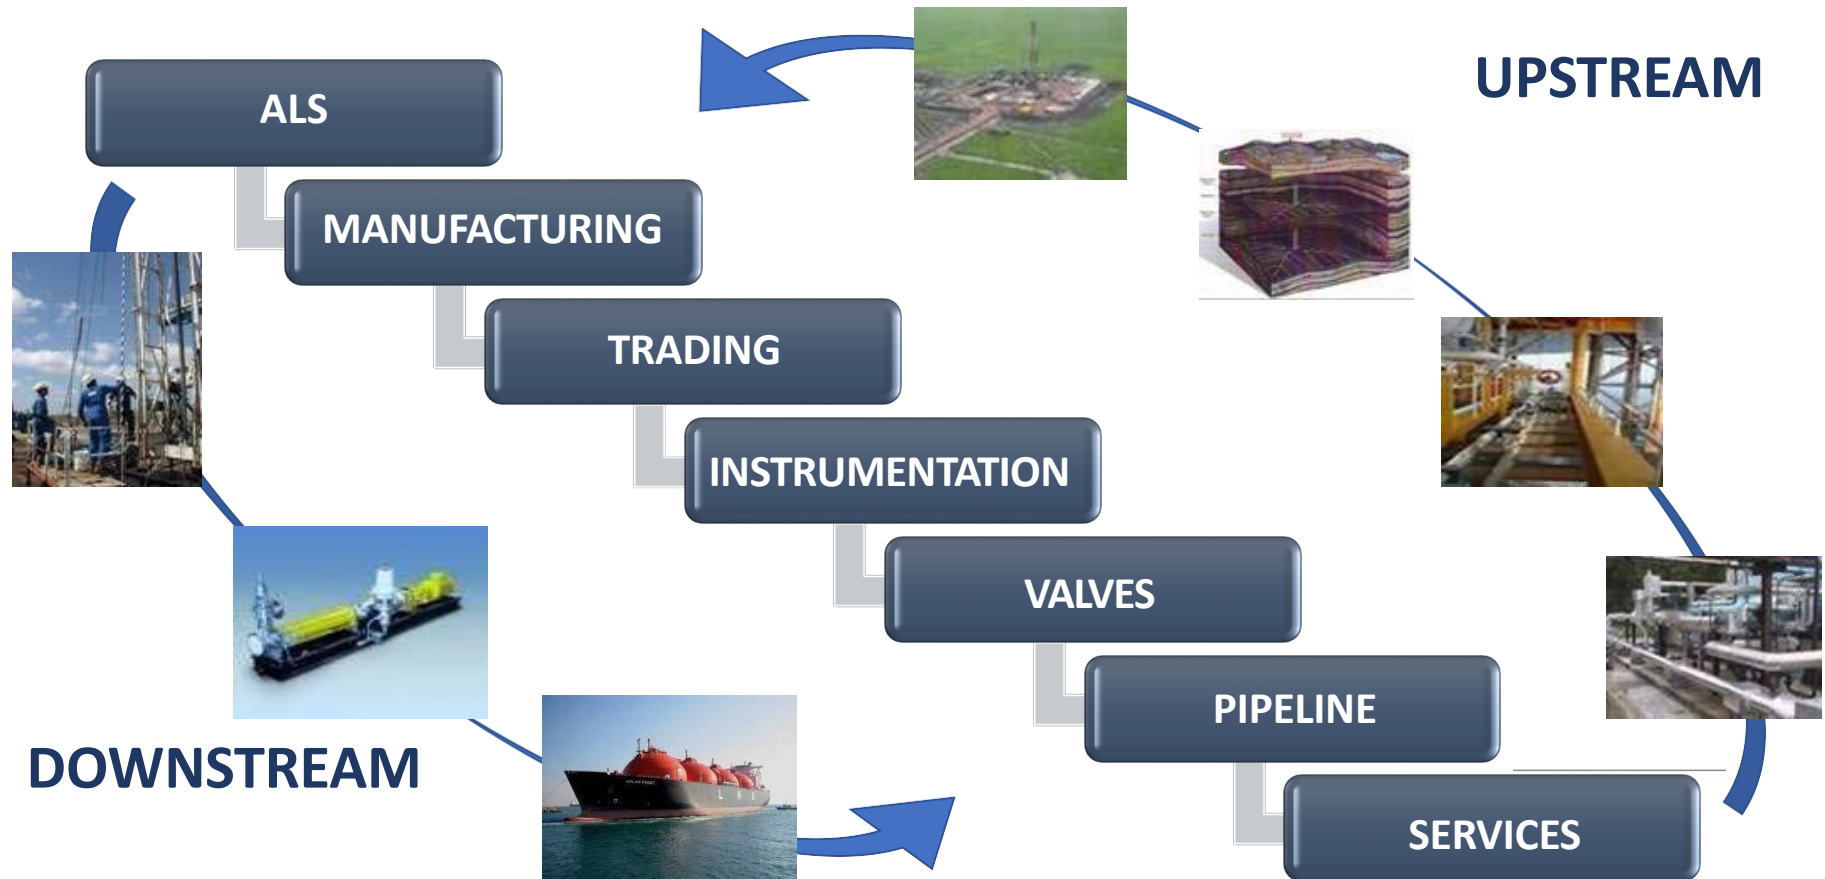

MISSION

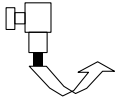

To create a synergy with our clients and to provide more than just mere satisfaction. With safety as our guide, we encourage innovation to maintain a leading edge and keep our product's competitiveness, one step ahead of the competition. Furthermore, maintaining the high standard of our human resources also provides us with a team that is always proactively adaptive towards any changes in the industry. This flexibility leads to cost efficiency, faster delivery and dedicated after-sales service, which in turn leads to total client satisfaction, thus keeping ECM at the forefront in Oil & Gas solutions.

OUR PRESENCE IN OIL & GAS

DOWNSTREAM ACTIVITIES

CRUDE and DIESEL OIL SUPPLY AND TRADING

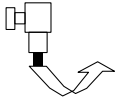

LPG SUPPLY AND TRADING

LNG SUPPLY AND TRADING

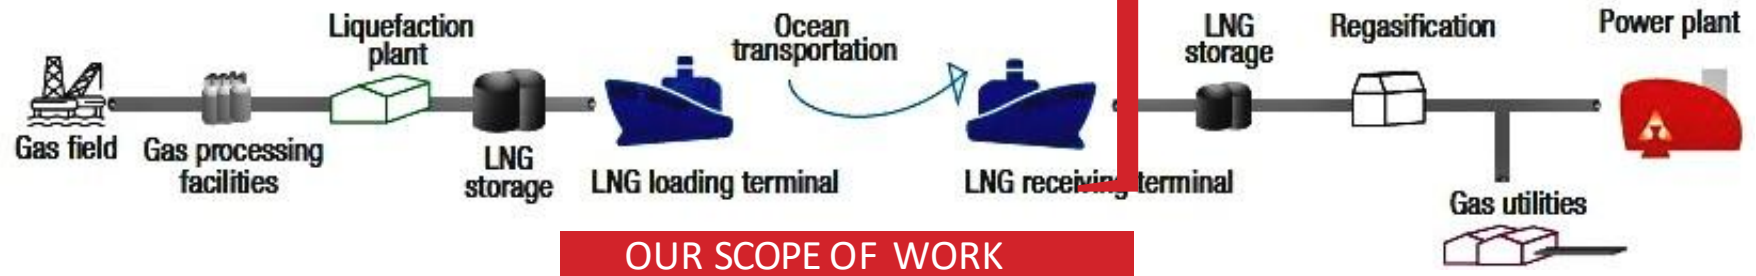

The above activities are currently in progress. The supplies are from Middle East companies and countries mainly UAE, OMAN and QATAR and our customers are in Timor Leste, Indonesia, Vietnam, Indo china and China. Our scope of works are securing supplies, arranging financing, providing logistics and final deliveries to customers.

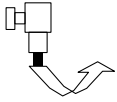

- We have staff/expertise of more than 35 years worldwide experience of trading petroleum products range as per above
- We are also capable of arranging financing for the trade and supplies of the product
- We have worldwide network and direct relationship with international oil companies
- We can provide competitive products prices as we deal directly with producers
- As always, products quality and guarantee of continuous supply can be assured of because of our experiences and expertise.

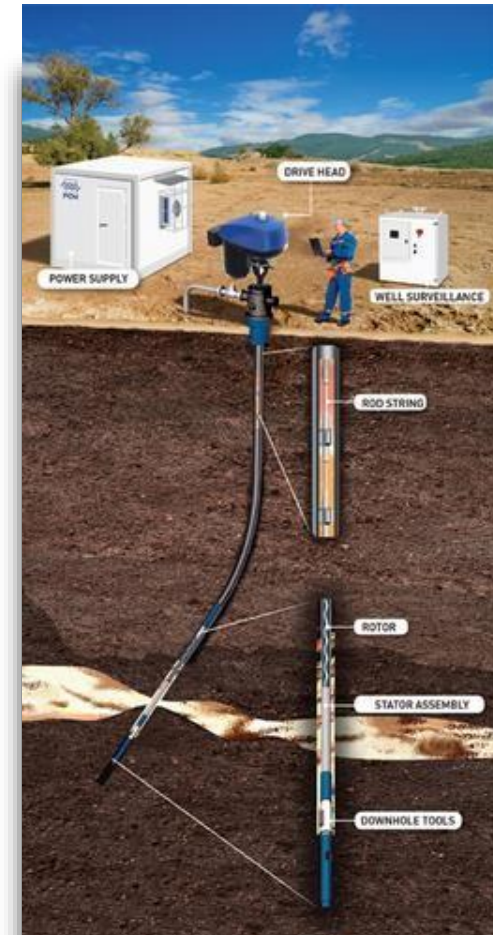

LNG value chain

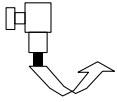

ALS RANGE_PCP HIGHLIGHTS

- Flow rates : from 1 up to 1000 m³/day (6280 bfpd)
- Head Capability : from 1 up to 3000 m (9850 ft)
- Conventional PCP – Specialized Elastomer Range
- HRPCP - Up to 90% Of Free Gas @ Pump Intake
- AMPCP - Temperatures up to 350 C
- ESPCP - For Rodless Production
- INSERT PCP – Rigless Operations
- API 676 - SURFACE TRANSFER PUMPS
- Downhole Gauges & Remote Monitoring

ALS RANGE_HPU Specifications

UNIVERSAL HPU4

Specifically designed for shallow gas/CBM dewatering & for light or medium crude.

UNIVERSAL HPU5

Designed for light or medium crude. Natural gas well (dewatering) CBM(dewatering).

☐ HPU4-100-36

- 10,000lb lift / 36" Stroke Length

☐ HPU5-120-120

- 12,000lb lift / 120" Stroke Length

☐ HPU4-150-48

- 15,000lb lift / 48" Stroke Length

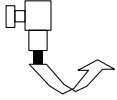

☐ HPU5-250-120

- 25,000lb lift / 120" Stroke Length

☐ HPU4-120-64

- 12,000lb lift / 64" Stroke Length

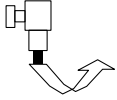

IN-HOUSE MANUFACTURING

ECM OILFIELD PRODUCTION & SERVICES GROUP **MANUFACTURING CAPABILITIES**

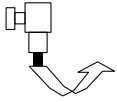

IN-HOUSE MANUFACTURING_Our Core Products

**PCP DRIVE HEADS
DOWNHOLE ROD STRING COMPLETION
DOWNHOLE TUBING STRING COMPLETION
INTEGRATED BLOW OUT PREVENTER
MANUFACTURING OF ROTATING & NON ROTATING PRODUCTS**

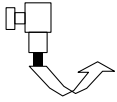

**STANDARDS RESPECTED:
ISO, API (Q1 / Q2), ISO 15136-2 (PCP Drive Heads)**

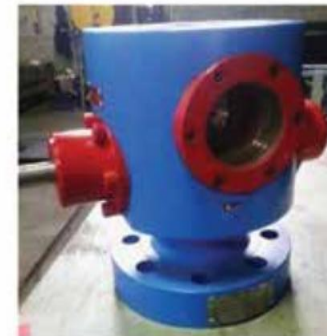

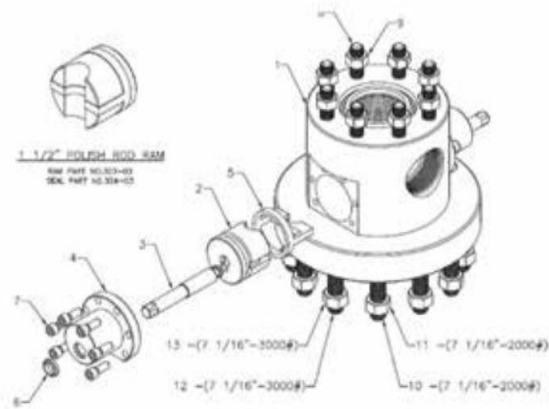

MANUFACTURING_PCP SURFACE DRIVE HEADS

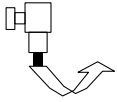

MANUFACTURING_Integrated Blow Out Preventer (IBOP)

IBOP Single or Double RAM – Rated for # 3000 or # 5000 PSI.

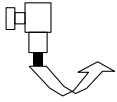

VALVES & FLANGES_General

We supply and export wide range of our products. Our entire product range is delivered in well defined time frame, thereby rendering maximum client satisfaction. They are available in different grades and sizes and suits the diverse requirements of industrial applications.

- **Ball valves**
- **Plug valves**
- **Gate valves**
- **Globe valves**
- **Butterfly valves**
- **Check valves**
- **Flanges & Gears**
- **Drill Pipes, Casing & Tubing and Accessories**
